

Products and services

Authorized Distributor

Compressors

Centrifugal / Rotary vane / Reciprocating / Screw

Vacuum pumps

Liquid ring / Claw / Rotary vane / Screw

Blowers

Multi-stage centrifugal / Positive displacement / Regenerative

Fans

Axial / Centrifugal

Drying systems

Air knife

Air treatment systems

Dryers / Filters / Separators

Accessories & parts

Service, repair and installation

Compressors

Reciprocating compressors - lubricated & oil free

Série-R (1.5-35 hp)

Reed Valve (5-15 hp)

PureAir - Oil free (5-15 hp)

Paradigm (5-15 hp)

Rotary screw compressors - lubricated

EndurAir (5-20hp)

Integra (20-50hp)

Electra-Screw (40,50,100hp)

Electra-Saver (50-500hp)

Electra-Saver II (15-200hp)

Rotary screw compressors - variable speed

VS Series (15-335hp)
Single stage

VST Series (75-350hp)
Double stages

Rotary screw compressors - oil free

EnviroAire (20-150 hp)

Rotary vane compressors

Hydrovane (2-100 hp)

Reciprocating compressors - high pressure

Belliss & Morcom - up to 6500 psig

Compressors - low pressure oil free

Claw

C-DLR Zephyr
40 - 353 cfm / 32 psig

Rotary vane

V-Series
2.5 - 91 cfm / 22 psig

Service & Repair • Installation • Parts & Accessories

Vacuum pumps

Rotary vane vacuum pumps - v-Series

Oil free vacuum pumps
2 - 241 cfm / 25.5 in. Hg

Oil lubricated vacuum pumps
3 - 903 cfm / 29.92 in. Hg

Standard or custom
pre-assembled packages

Claw vacuum pumps - C-Series

C-VLR Zephyr
42 - 706 cfm / 27 in. Hg

Standard or custom
pre-assembled packages

Liquid ring vacuum pumps - L-Series without external water supply

L-BL2 • S_200
0 - 150 cfm / 28.5 in. Hg

L-BL2 • S_300
0 - 550 cfm / 28.5 in. Hg

Liquid ring vacuum pumps - L-Series & GL-Series with once thru, partial or full recirculation

L-BV Series
2 - 340 cfm / 28.5 in. Hg

Vectra GL Series
80 - 800 cfm / 28 in. Hg

Standard or custom
pre-assembled packages

Screw vacuum pumps - s-Series

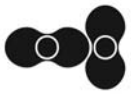

80 - 424 cfm / 29.92 in. Hg

Standard or custom
pre-assembled packages

Service & Repair • Installation • Parts & Accessories

Blowers • Fans • Drying systems

Positive displacement blowers

33,000 cfm / 20 psig / 17" Hg

Sutorbit
Legend • 4500 • 8000

Duroflow

Cycloblower

Triflow

Heliflow

Standard or custom
pre-assembled packages

Regenerative blowers - G-Series

1,700 cfm / 13 psig / 24" Hg

G-BH1
Single and double stages

G-BH7

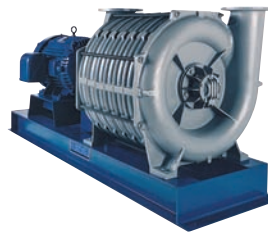

Standard or custom
pre-assembled packages

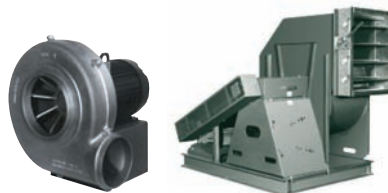

Multi-stage centrifugal blowers

45,000 cfm / 16 psig / 16" Hg

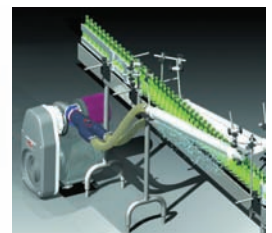

Fans - axial & centrifugal

100,000 cfm / 100" H2O

Air knife drying systems

2000 cfm / 6.5 psig

Service & Repair • Installation • Parts & Accessories

Air treatment systems • Air lines • Accessories

Refrigerated air dryers

RNC Series 10-3000 scfm

RSD Series 800-3000 scfm

RHP Series 13-3750 scfm

Desiccant air dryers

DGH Series 40-5400 scfm

DPB Series 500-4300 scfm

GDHM Series 300-3200 scfm

Filtration systems and oil/water separators

FIL Series 20 - 21250 scfm

FME Series

FSG Series

CTS Eliminator II

Breathing air systems

DEL-MONOX

CO Monitor - 1000 Series

100 Series and KC

Air distribution systems • Accessories

Transair®

AIRMAX
Professional Service & Installation

TOPRING

Service & Repair • Installation • Parts & Accessories

Accessories

Inlet and in-line filters

Air and gas inlet filters, filter-silencers and in-line filters

Separators and silencers

Liquid separators

Absorptive and/or reactive silencers, 2" to 24"

Check valves

Check valves, 2" to 24" flanged or threaded

Expansion joints

Expansion joint and rubber sleeves, 2" to 24"

Pressure relief valves

Weight or spring loaded safety valves for pressure or vacuum

Parts

We carry a large inventory of replacement parts for the brands we represent.

Sutorbilt

Duroflow

Cycloblower

Triflow

Heliflow

LAMSON

HOFFMAN

We also carry parts for these following brands:

Aerzen, Atlas Copco, Becker, Busch, Centac, Champion, CompAir, Devilbiss, Dresser Roots, DVair, Hibon, Ingersoll Rand, Joy, Kaeser, Quincy, Robuschi, Sullair, Sullivan Pallatek, Tuthill, ...

Positive displacement blowers
Regenerative blowers
Multi-stage centrifugal blowers
Pre-assembled package
Fans

Air knife drying systems
Vacuum pumps:
Liquid ring / Claw / Rotary vane / Screw
Compressors:
Centrifugal / Rotary vane / Reciprocating / Screw
Refrigerated air dryer

Desiccant dryers
Filtration systems
Breathing air systems
Air lines
Accessories

We offer:

- 24H emergency service
- Repair and maintenance
 - On-site and in-house
- Maintenance contracts
- Preventive maintenance
- System evaluation
 - Air leaks, vibration, temperature, noise level, filtration, alignment, ...
- Air line installation
- Audits & energy efficiency studies
- Rental units
- System design

We supply:

- Original parts
- New and used equipment
- Accessories
- Control panels
 - Energy efficiency
- Air lines

Our advantages:

- Professional & reliable
- Experience
- Inventory
- Guaranteed work
- Process knowledge
- Qualified technicians
- Engineering services

www.aircom.ca

Since 1999, AIRCOM Technologies has been a leading supplier of equipment and services in the field of air and gas compression and vacuum technologies. We cater to both large and small business in Ontario, Quebec and the Atlantic Provinces from our facilities in Montreal.

We are specialized in sales, service and installation of the following products :

- Compressors: Centrifugal - Rotary vane - Piston - Screw
- Compressed air treatment systems:
Dryers - Filters - Separators
- Blowers: Centrifugal - Positive Displacement - Regenerative
- Fans: Axial - Centrifugal
- Drying systems: Air knife - High speed blower
- Vacuum Pumps: Claw - Liquid Ring - Rotary vane - Screw
- Flare Systems: Enclosed - Open - Biogas - Landfill Gas

We supply replacement machines and standard or custom designed packages.

We offer:

- 24H emergency service
- Repair and maintenance
 - On-site and in-house
- Maintenance contracts
- Preventive maintenance
- System evaluation
 - Air leaks, vibration, temperature, noise level, filtration, alignment, ...
- Air line installation
- Audits & energy efficiency studies
- Rental units
- System design
